

WASHINGTON INTERNSHIPS FOR STUDENTS OF ENGINEERING (WISE) 2017 Summer Program (4 June – 4 August)

Application Instructions

Applicant must be:

- (1) a Junior or Senior engineering or computer science/ engineering student, or a recent engineering graduate beginning study in a graduate-level, technology policy-related program;
- (2) a citizen or legal permanent resident of the United States; and
- (3) a student member of the [Material Advantage Student Program](#).

Only completed applications will be considered. A complete application includes:

- (1) A completed application form (two pages and two essays);
- (2) A copy of your official transcript(s); and
- (3) TWO letters of reference (at least one of which must be from an engineering faculty member who supervised your work).

Submit your application by mail, email or fax to:

The American Ceramic Society
600 North Cleveland Ave, Suite 210
Columbus, OH 43082
Attn: Tricia L. Freshour
Email: tfreshour@ceramics.org

Deadline: All materials must be postmarked by **31 December 2016**

**APPLICATION FOR WASHINGTON INTERNSHIPS
FOR STUDENTS OF ENGINEERING (WISE)
(Please type or print in black ink)**

Name _____

College Address _____

Home Address _____

Cell Phone _____

Citizenship _____ DOB _____

E-Mail Address _____

Emergency Contact _____

University in which enrolled _____

Expected date of graduation _____

Major _____

Special areas of interest _____

GPA (overall) _____ GPA (major field) _____

Material Advantage Student Member # _____

How did you find out about the WISE Program? _____

Indicate TWO persons from whom references were requested:

1) Name and Title _____

Professional Address _____

Email _____

2) Name and Title _____

Professional Address _____

Email _____

REFERENCE INFORMATION REQUEST

Each summer, the WISE program brings undergraduate engineering students to Washington, D.C. to learn more about the relationship between government and the technical community. Interns attend 25-30 meetings with policy makers and complete a topic paper on a specific engineering-public policy issue of interest to both the student and the sponsoring organization. As part of the selection process, each applicant is requested to have two references to be included in his/her file.
